

Introducing a new program to help you help your employees and clients save on prescriptions

PIA is pleased to make available to you a new program called RxSavingsPlusSM which you can offer to your employees and clients at no charge.

RxSavingsPlus is now available to you, your employees and clients to provide another way to make prescription medications that are **not covered by insurance** more affordable. Savings are available to anyone regardless of age, income or insurance coverage.

RxSavingsPlus can be used for discounts on medications that are not covered by insurance — medication to treat diabetes, heart disease, birth control, smoking cessation, weight loss, hair loss, ED and more — employees can even save on many medications for pets.

Program Features

Discounts at MinuteClinic[®]

MinuteClinic, which is inside select CVS/pharmacies, has nurse practitioners and physician assistants trained to diagnose and treat common illnesses. Employees simply show an RxSavingsPlus card at MinuteClinic locations and can **save up to 10%** on any regular priced health service or screening that is not covered by insurance.*

Members save an average of 22 percent on prescriptions and up to 50 percent when ordering by mail.

While savings may vary by drug and by pharmacy, the RxSavingsPlus prescription drug discount card program provides an average savings of 22 percent on retail prescriptions and up to 50 percent on select generic medications through the CVS Caremark Mail Service Pharmacy. Employees can visit our Web site or call toll-free to find out more or to get started.

The RxSavingsPlus program includes 99 percent of all commonly prescribed brand-name and generic medications, and is **accepted at 9 out of 10 retail pharmacies nationwide**. No membership fees, no enrollment and no waiting makes it easy for employees to start saving immediately.

Easy Savings.

Employees and clients simply present an RxSavingsPlus card at the pharmacy when purchasing prescriptions not covered by insurance and then pay the pharmacy. Card users will always pay the discounted price offered through RxSavingsPlus or the pharmacy's retail price, whichever is lower. There is no paperwork, no claim forms and no waiting period!

Visit <http://pia.rxsavingsplus.com> to print your card today and start saving.
