

Find Your Fit — Contact PIA Today!

As you can see, PIA provides many ways to strengthen your brand and promote your business to independent insurance agents. We encourage you to contact us to discuss your business's goals. Like an independent agent with a potential insured, we'll take the time to understand your needs and find a solution that fits you.

If you would be better off working with a PIA state association or another group entirely, we'll let you know that too. Why? Because we'd prefer that potential sponsors and advertisers find a good fit for their business's needs. That's not only good for you, it's good for PIA's members, because it helps ensure that PIA's sponsors and advertisers are companies that can provide PIA members with opportunity. That's why PIA is "*The Association that creates unlimited opportunities for professional insurance agents*" [PIA National vision statement].

For more information about each of the opportunities described here, please contact Alexi Papandon at 1-800-742-6900 ext 353 (direct dial: 703-518-1353) or alexipa@pianet.org.
